PERSONAL AND SOCIAL CAPABILITIES

HELPING YOUR CHILD

You can help your child develop personal and social capability by:

- asking your child to take responsibility for organising their things
 - involving your child in family decisions according to their age and ability
 - talking about the different rules that apply at home, school and community spaces
 - showing kindness and respect in your own relationships with adults and children
- encouraging your child to persist and solve problems.

Renee's Wrap

Hello families,

I hope all is well, life can be challenging and hectic at times and things can get overwhelming. We can forget to take care of ourselves, so our challenge is to maintain our resilience so that we can keep positive on life.

10 things to do for yourself each day.

1. Get enough sleep.
2. Get enough to eat.
3. Do some light exercise.
4. Vary the work that you do.
5. Do something pleasurable.
6. Focus on what you do well.
7. Learn from your mistakes.
8. Think of something you grateful for.
9. Pray, Meditate or Relax.
10. Do a kind act, even giving a smile to someone.

Have a great week.

Regards Renee
