OUTDOOR CLASSROOM

We all had a great time last Monday for our outdoor classroom visit to the gully. We decided that the children would just have some free play discovery in a designated area. They had to problem solve for themselves and not ask for help from Rie or myself unless it was really necessary.

The children found some puddles in the rocky base of the creek which leads to the river, we had a really good soaking rain in the town over the weekend.

They jumped in them and splashed, having lots of fun. Then the girls went and played a shop game, selling natural products and Jedrik found a larger puddle and started dropping small items into it. Luca joined him and they worked out that some things would float, and some would sink. We all joined in, having lots of fun collecting different items to experiment with.

R - 2 INTERACTION

Last Wednesday in the junior primary class Miss Michalanney read us a non fiction book called Flies. It was filled with facts, rhymes and pictures. The children then made their own insect. See you again in week 6. 😊

WEDNESDAY AUGUST 25 / WEEK 6

Next Tuesday August 25 we will have some visitors here at kindy. They will be conducting our Preschool Assessment and Rating review. From 1pm I will be meeting with them and Mrs Claridge so Miss Michalanney will come over and have the children until home time. Please see me if you have any questions.
