

Our Preschool Classroom News

Term 1. Wk 3: February 8th, 9th, 2021.

Mon-Trish & Rie, Tues-Trish.

What's Happening This Week

- Mon Feb 8: Planting with Rie. Welcome Lucas and family. Welcome to Seesaw.
- Tues Feb 9: Bring your favourite picture story book to share.
- Wed Feb 10: No preschool. Admin day for Trish. Playgroup 9-10.30.
Meet and Greet 5-7pm

A Note From Trish and Rie

Thank you to all of the children for such a great start to the year. Everyone is mixing well and sharing wonderful conversations with peers and educators. It is great to have Jo, Julie and Renee as our regular support workers, they each bring wonderful skills to enhance the children's learning.

A Peek At What We Are Learning

Stories

This week we will be continuing with our Macca series, Alpacas with Maracas, focusing on rhyming words that we can hear. We will also have many other stories throughout our kindy days

PLAY

Fun sensory activities and provocations will be set up this week. These will involve the children using their senses of smell, touch, hearing and sight.

Numeracy

Sorting, matching and naming colours as well as colour mixing will be a focus this week. We will be using paints, food colouring and water to see what colours we can create.

Literacy

This week's nursery rhyme is, 1,2,3,4,5, Once I Caught a Fish Alive. This is always lots of fun, encouraging counting and rhyme. We will also be making our names in different ways, using assorted tools and designs.

Wellbeing

We will be practicing using each others' names and making eye contact when speaking to one another.

Wonderings at kindy

Michael wondered what type of beetle he had found when playing with our insect toys. He and I did some research and discovered it was a stag beetle. First, we looked through an insect book and then we checked our findings on the internet. Great investigating Michael.
